Digital payroll and accounting office

I want to sell my digital payroll and accounting office. The average annual turnover is about 130 TE. On request, a part-time employee (mtl. total cost 2.5HP). I am aiming for a sales price equal to the annual turnover. For some tenants, the use of Agenda is still required. It would also be conceivable to found a GmbH with participation. In this case, I will continue to be actively available and look after the long-standing clients. The office or the clients are ideal for a new establishment or for the expansion of an existing office.

If you are interested, the office space, hardware, etc. can also be taken over.

If you are interested, I would be very happy to hear from you.
