SACER

ABOUT SACER

Since our inception in , our company has specialized in the development of electronic control systems for the automotive industry, offering a comprehensive range of actuators for commercial and passenger vehicles. Based on European design, we guarantee reliability and safety through high-quality products.

We pride ourselves on offering OEM quality parts at competitive prices, combined with high-quality, custom development services tailored to our customers' unique needs. As an OEM authorized manufacturer, we continuously demonstrate our commitment to innovation, holding 45 utility model patents and 10 invention patents. New developments are added every year. Our track record reflects our pursuit of excellence in the automotive industry, providing solutions that combine quality, value and cutting-edge technology.
