## **Campsite with residential building**

The property offered for sale consists of several buildings and two parcels.

Residential building: The house, built in 1982, was built in solid solid construction.

Renovations and conversion work began in 2001. The living space is approx. 210 m<sup>2</sup> of living space, in addition the house offers approx. 100 m<sup>2</sup> of usable space. The house has two garages and various car parking spaces.

The building is heated by a combination of a log wood heating system from and a heat pump from . In the summer months, the hot water preparation is operated via the solar collectors in combination with a 5000l buffer tank.

The house is also well suited as a multi-generational house.

The paved forecourt leads to the main entrance of the building.

On the ground floor there is the entrance hall, the guest toilet, the bathroom, the living room/dining room, the kitchen, a pantry, the office and the two garages.
