Offer Franchise, license

## **Mexican Streetfood Restaurant**

Become a franchise partner at BURRO BURRO now.

Take the opportunity to secure one of the first franchise licenses in your region and open your own branch in a prime 1A location.

Founded in and continuously developed, optimized and digitized, the starting signal for the franchise is now being given.

The brand currently operates three successfully running in-house operations. Our first franchise partner is a corporation with which we will open a flagship store in Berlin's main train station in 2026. Construction work has already begun.

The concept is based on the vision of "Regional Mexican Food" – a modern combination of Mexican-inspired street food and high-quality, regional ingredients.

Our burritos are hand-rolled fresh and right in front of the guests. In addition to classic meat fillings, we offer a wide range of vegetarian and vegan options, as well as gluten-free options.
