Online Retail Baby

I sell my online shop with baby products, such as cots and accessories (bed linen, mattresses, etc.). The store has a responsive design and it is sold on a dropshipping basis. A warehouse or office is not needed. The shop is well suited for housewives and mothers, but also for shop owners who do not yet have their own online shop. Sales below 40,000 euros a year, but can be increased. A business registration is required. A prompt sale is desired.
