## **Fitness Gym**

For sale is an exceptionally successful premium fitness studio that has established a strong and sustainable position in the upper market segment. With approximately 1,100 active members, the studio benefits from a stable, loyal, and financially strong membership base.

The business generates an annual turnover of approx. €1 million with a pre-tax profit margin of around 25%, demonstrating outstanding financial performance. These figures reflect a professionally managed, healthy business model with a high level of planning security and long-term growth potential.

Both the equipment and the service portfolio are in the absolute premium class. State-of-the-art training equipment, a modern and stylish atmosphere, and a well-designed offering combining training, personal support, and premium services create an exclusive experience that clearly differentiates the studio from competitors.

Another key success factor is the highly committed and excellently trained staff. The team operates at a consistently high professional and service level, contributing significantly to exceptional member satisfaction and retention. Well-structured processes ensure smooth daily operations and provide an excellent foundation for further expansion.

This opportunity represents a rare acquisition for investors, entrepreneurs, or existing operators seeking to take over a profitable, well-established premium fitness concept with an excellent reputation and significant future potential.
