Offer Corporate follow-up, firm follow-up, follow-up

## Hair salon

Hair salon with a lot of potential. I offer a top-equipped hair salon that is currently being converted into a co-working space. The store was completely redesigned and furnished in 2021. There are already two co-workers in the house: a beautician/pedicurist (750€ monthly rental income) and a nail designer (500€ monthly rental income). The salon has 4 ladies' service stations and 2 men's seats on the ground floor with an area of 130sqm. On the first floor there is a recreation room and raw area for further expansion. The area on the upper floor is 120sqm. The salon is located directly on the main road 1a location. Parking is available directly in front of the salon.

The monthly rent is 2700€. I would like the house to become an all-round beauty oasis.
