Long-established online shop in the field of equestrian sports for sale

For sale is a long-standing, professionally built online shop in the field of equestrian sports with its own adjoining warehouse and retail store at very favorable conditions. Both can be taken over on request, but are not necessarily part of the sale.

The company has been successfully built up in recent years as a sideline and achieves an annual turnover of around €100,000. The sale is purely for time reasons, as the shop is now of a size where I don't have the time to take care of it to the necessary extent.
