ID 26896

## Offer Corporate sales, firm sales, sales **Barbershop**

For sale is a renowned barbershop in Munich that has been established for decades, which stands for classic barbercraft, personal customer loyalty and authentic tradition. We are expressly looking for a buyer who will continue this craft with respect for history and with a long-term perspective – not a short-term concept, not a pure investment property.

The sale will take place as part of an asset deal. The property remains the property of the current operator and is rented to the buyer on a long-term and sustainable basis.

This offer is not aimed at investors without a connection to the industry. In particular, the following are sought:

- Barber / master hairdresser with high standards
- Successor with a love for classic craftsmanship
- Entrepreneurial personality with a long-term vision
- Also ideal as a step from employee to self-employment
