Offer Corporate sales, firm sales, sales **School operations**

Participation (up to 49%) is offered in a non-profit limited liability company that operates a state-approved, near-natural primary school with a planned extension to the Realschule Plus. From the 2school year, comprehensive state subsidies are planned, including up to 80% subsidies for the acquisition, conversion and expansion of the approximately 6,500 m² educational property as well as subsidies for personnel and material costs (personnel cost subsidy 100%).

As part of the investment, the property is to be transferred to the gGmbH's portfolio and secured in the long term. With a scenario of 100 pupils from 2028/29, annual school fees of approx. EUR 0.6 million are expected; this results in a forecast net surplus of around EUR 0.4 million for the formation of reserves and reinvestment.
