Offer Corporate sales, firm sales, sales **Signage**

Unique Opportunity for Strategic Expansion in the Markgräflerland / Three-Country Border Region (GER/SUI/FRA)

Due to unexpected health reasons of the owners, a well-established and excellently running signage, lettering, and design business (successfully operating for nearly 30 years) is available for a short-term acquisition.

Why this company is highly valuable:

Outstanding order volume: The business operates at continuous full capacity with zero idle time. Due to exceptionally high B2B demand, highly lucrative orders currently have to be turned down. This offers massive, immediate growth potential for a buyer with available capacities.

Top-tier customer base: Decades-old, extremely loyal, and affluent regular clientele in a highly attractive economic border region.

Immediate profitability: An extremely healthy and above-average profit margin. The business generates strong returns from day one.

Transaction Structure (Asset Deal):

For sale: The complete, ready-to-use machinery, all inventory, the established brand, and the highly valuable customer database.

No personnel liabilities: No employee transfer is required (German labor law § 613a BGB does not apply). The buyer can integrate the business into existing structures completely free of inherited employment liabilities.

Property for lease: The spacious, fully equipped production and office premises are not for sale but are available for a fair, long-term lease. This significantly reduces your upfront capital requirement for the acquisition.

Handover & Transition:

A structured onboarding process and the personal introduction of the most important key accounts by the current owner are guaranteed to ensure a smooth and successful transition.

Due to the owners' health situation, a swift transaction is targeted. The entry conditions are therefore highly attractive, enabling an exceptionally fast Return on Investment (ROI).

We kindly ask for a short message via this portal if you have a serious interest. After signing a standard Non-Disclosure Agreement (NDA), we will gladly provide you with the

complete business exposé as well as detailed financial statements (BWA).
