

The big business marketplace

Business for sale more than 15 years

ID 27152

Look for Corporate sales, firm sales, sales **Services**

We are looking for established, owner-managed SMEs in the DACH region (with a focus on German-speaking Switzerland) who are looking for an external succession solution. Our focus is on companies in the areas of B2B services, B2G services and B2B software. In addition, we are open to industry-independent companies with stable, recurring cash flows and a strong market position in their niche.

We hold a majority stake and accompany owners discreetly and in partnership through the entire handover process - without integration into a larger group of companies. The long-term survival of the company and the safeguarding of jobs are our priority.

[Corporate sales](#)

Region 80, Switzerland

Entry in own name
