Offer Corporate follow-up, firm follow-up, follow-up **Electrical and communication technology**

since 1995 established electrical and communication technology company in the Elbe-Weser triangle (Lower Saxony). Broad, certified range of services – from classic electrical installation to fibre optic technology and control cabinet construction to certified fire alarm systems (DIN 14675-2).

The company has a well-coordinated team of 21 employees, a well-filled order backlog and a sustainably profitable earnings situation. The company's own premises (approx. 1,100 m²) are part of the transaction.

The owner intends to hand over the company in an orderly manner as part of the succession and is available for an induction and support phase. A management buy-in (MBI), a management buy-out (MBO) or a takeover by a strategic partner can be considered as handover models.
