For smart Business Idea with very low Investment in the private Decorating Area in The greater Hamburg area, I am looking for a Power woman with Creativity and Enthusiasm As a Partner – thus courage to Self-employment. Age plays a minor Role (ideally between 30 and 55), provided that there is a positive, success-oriented View and the Ability to think and Act on a large Scale. Other Prerequisites include mutual Sympathy, self-assured Appearance, communication Skills and a well-groomed Exterior. If You enjoy placing a new Product on the market, which is previously non-existent in this Form, setting a Company on Its feet and realising the above-average Amount of Work required by Self-employment, then I look forward to Your meaningful Response.
