Offer Corporate co-operation, firm cooperation

## Trade

A Russian company that builds bridges from Europe to Russia: for European companies, it offers the establishment and expansion of Russia's business.

It has a wide range of possibilities: close contacts with local companies and organisations, ways of overcoming red tape, access to important sources of information.

Some of our reference projects are the organization of the cooperation exchanges in the Saratow region for German businessmen from Thuringia in October 2002 and from Baden-Württemberg in July 2003 at the highest level. It is also the representative in the Saratov region.

The main focus of our activities are:

1. Representation of European companies in Russia:

Takeover of commercial representation in Russia

Representative/ Office Service/ BackOffice in Russia

- Construction and maintenance of Russian distribution networks
- Operational sales activities
- Representation of interests

2.
