A healthy, long-standing company in the Greater Cologne-Bonn area is looking for successors.

Trade and service for office technology as well as IT and network technology are the main business areas. The company is well positioned, has 9 long-term, experienced employees as well as 3 part-time employees and 1 trainee. A secure basis with several hundred long-term contracts for the maintenance of machines ensures further success for the future. In addition, there is a large customer base, about 1000 returning customers, who contact the company at intervals with services and orders. The customer base consists of large and small enterprises as well as public authorities, administration and public institutions. A healthy mix with scattered risk.
