Novel Leisure Facility in Northern Germany

To Implement an integrated Sub-project within this innovative Leisure facility, I am looking For a Cooperation Partner.

The Plant will be highly Attractive and will operate all year round. As a result, high Visitor Numbers can be expected, which can be expected to yield a corresponding Return. What is Sought is a Partner who is ready to start and manage an Operating Company at a later Date.

I would only like to pass on detailed detailed information to those Seriously interested in person.
