Look for Corporate financing, investor **Start-up luxury vehicle trade**

Young company active in the luxury vehicle sector for two years is looking for a silent investor, even foreign investors wanted to buy luxury vehicles. Many customers present.

Among other things, Germany's largest internet portal for vehicle trading and trading is currently being developed. The start date is July .

We look after large fleet shops and buy vehicles in a large network, which gives dealers better conditions. There are already more than 3000 dealers members. For this purpose, we are also looking for silent partners who pre-finance vehicles on good terms in return for vehicle letters.

Another objective is not only the luxury market, but also with the opening of the online portal as above all to appeal to the small retailer. The target is to integrate approximately 25,000 dealers into the portal throughout Germany. Talks have already been held for the US in the world.
