## **Metal Processing Operation**

We are looking for a Buyer for our Machining Company or a Company to start our production in their Company, as the Company boss has unfortunately passed away. The Operation consists of 4 operational, but older CNC turning machines (Gildemeister MD5S), 1 Tape sawing Machine that is the Heart Of our Company. Other different drills and Milling Machines, welding Device, Compressor, etc.

A Forklift is available for loading and Unloading, and a fully furnished Office with a glass front on the upper Floor is also included.

Our Main Area of Activity is CNC turning with Full Material (42CrMo4V or St52.3) for Companies in The Special Vehicle sector.

There are currently still 2 Employees who work very well and dutifully.

The Building is rented and has a Size of about 400 sqm.

More Info's are available.
