Look for Corporate participation, firm participation **Software, Internet Service Providers**

Our Company-a Swiss Limited Company-develops software solutions as well as international Internet Portals. These Portals are operated by us in Cooperation with Cooperation partners. Launched With an innovative Marketing Concept about 5 Months ago, our online access figures can be seen today.

In addition to our Innovative Mindset, our partners/employees value our Behavioural Ethics. We are not fixated on short-term Profit-in the Sense of many Hedge funds-but have a very long-term Strategy.

We are looking for a Silent, but also active Partner for start-up financing-for further growth. Balance Sheets as of December 31, are already available.

We are delighted To have a serious, interested person in a friendly contact.
