## **Call Centre Flirtline**

Would Like to make me independent in the /Mainz area at the beginning of next Year and already have a concept. For the time being, a Call Centre in The Flirtation or Erotic Area is planned.

The Revenue would be certain because the Profit from a Phone Company Is automatically transferred to a separate Account after the Conclusion of a Contract.

(More Information about this only By telephone, serves to protect the Concept)

Therefore, I am looking for a partner or cooperation partner in, if possible with Equity between 10,000 Euros upwards der/, who would like to take advantage of This Opportunity together with me.
