Retail and Internet Distribution

We are a Company that sells entertainment and Household Electronics both in a Shop And now mainly on the Internet. In doing So, we draw on numerous Europe-wide Contacts, which allows us to set up an enormously price-aggressive Position on the Market. We also draw on several years of Experience in this Area. In these Years, we have been among the cheapest suppliers in Europe, especially in Plasma, LCD, BUT also Household Appliances such as Ovens, Refrigerators, Dishwashers, etc.

Now we are looking for Solvent investments and active Support in order to expand the Company's Solvent investments. We would be pleased To hear any serious Enquiries.
