Agricultural Engineering Specialist Business

Participation in Agricultural Machinery companies in Germany, Austria or Switzerland.

As a Plant engineering Representative And Producer of manure technology spare parts, we would like to participate in a specialist agricultural machinery company.

We have been working in the Agricultural Technology Industry for more than 25 Years.

The Participation takes place through the Use of Goods, active Cooperation and Knowledge Transfer. Especially the Regenerative Energies, Biogas and Slurry Technology are our Topics.

We are Happy to clarify the Details, even between the Years in a personal Conversation.
