

The big business marketplace

Business for sale more than 15 years

ID 8099

Look for Corporate financing, investor

Telecommunications service providers

cooperation partners or seed investors for new service.

The concept is there, but there is a lack of funding for marketing/customer acquisition.

A paid product comparison for supply services is offered, which does not yet exist on the market. The target group is price-conscious consumers, who do not find their way around the tariff jungle of the providers, but are nevertheless willing to change.

Capital

Region 76, Germany
