

Look for Corporate financing, investor

Project Logistics

We are a Team that has been working for a Logistics Company for many Years and carries out Project logistics In the Direction of Russia. We now want to become independent in the Area of the growing Logistics Market Russia and need investors/silent or active Shareholders for the Purchase of Special Equipment such as Deep Beds, boiler Bridges etc., Which from Western Europe to Russia and vice versa Should be used. We have been working successfully for a medium-sized Company in this Area for many Years, but we want to make the Step to Self-employment in the Future. Wlr have very good Contacts in Western Europe and Russia, with Design and business Plans. We are looking For investors who are willing to take this Step with us for a very interesting Return.
