Look for Corporate financing, investor **Import, Trade**

I am looking for capital with possible active participation for the establishment of a joint venture company.

The aim is to build a wide range of "Europe-ready" product ranges in the field of decorative items.

The goods are distributed via trade fairs in Canton and Frankfurt.

To start a business, I need a start-up capital of 150-200,000€

There is many years of experience in this area in a responsible position, as well as best contacts with Chinese and Indian suppliers.

A partner to establish the joint venture company already exists.
