ID 9552

Look for Corporate financing, investor

Development and production of Energy-Machines

We explore, develop and produce (soon) energy machines, and different engines (including renewable and / or free resources and social aspects) and provide energy consultancy.

settled around Odenwald/Ostpfalz!

Later activities maybe worldwide.

Foundation of a GmbH planned.

Premises and few machines are still missing.

Plans, ideas and energy (on our part) abundant!

Capital

Region 69, Germany
