Look for Corporate co-operation, firm cooperation

Car dealerships

I am looking for cooperation with car dealers or importers. Car dealership for 8 vehicles inside and about 80 available outside.

Location is located directly in the industrial area.

We have been working in this industry since 1991 and would like to expand and would be happy to have any offer.

Since a large workshop is available, a cooperation in the point processing of vehicles e.g. leasing return would be possible. Stand space is abundant.
